How to Use This Index

This index to Volume 21 serves as a guide to articles appearing in the *IMF Survey* during 1992. For each article, the heading, date, and initial page number are listed under all appropriate subject headings. Page numbers with "t" indicate tables. Authors of *IMF Survey* articles are indicated by a ☆.

In 1992 the *IMF Survey* focused on special topics in the issues dated May 11 (Spring Meetings), September 1992 (*Supplement on the Fund*), and October 12 (Annual Meetings, which includes coverage of the Governors' addresses).

Page numbers in *Supplement on the Fund* are indicated in the index by S- in front of them.

The index includes supplementary listings of new IMF publications (see page 394) and of the speeches of the Managing Director (see page 388), as reported in the *IMF Survey* during the year. These entries are also listed by topic.

Each year's annual index is included in bound volumes of the *IMF Survey* that are furnished by the IMF. Volume 21 will be available at a cost of $60.00 from Publication Services, Box S-387, International Monetary Fund, Washington, D.C. 20431, U.S.A.
